

MODster™

Cross-Body/Shoulder Sling

Worn cross-body, weight distribution allows the largest and heaviest mods on the market to be held comfortably on your shoulders.

Wide fabric webbing provides hours of comfort while letting you vape on the go.

The MODster™ is an excellent fit for all large 18650 and 26650 and Box Mods. Whether, BOX, Cylindrical, triangle or any geometric shape, your device will be held comfortably and securely by the your VapeSling® MODster™.

New HandCheck™ V3 adjustable

HandSlings

Both HandSling types, were developed to accommodate users with a secure method of hand carry.

RingSling™ Loop the sling into back fingers, then wrap the cradle/mod section over pointing finger.

Your Mod will be comfortably cradled in your hand, in full display, always ready to vape.

HandCheck™ Hand goes thru, from above the sling, directly behind the cradle/mod section.

Your Mod will be comfortably cradled in your hand, in full display, always ready to vape.

NeckSling

Average Joe™ The Average Joe is a heavy duty neck lanyard. It is an excellent fit for all e-cig sizes, from small e-pens to large 18650 Mods.

Your device will remain upright in a comfortable position. Can be worn in or outside of your shirt or top.

The AverageJoe™ will provide hours of comfort while letting you vape on the go.
